World Language Immersion Classes for Preschoolers

by

an **EarlyBirdsSM Learning** company

As the leader in early language acquisition, we are thrilled to offer extended world language immersion classes for preschoolers this fall! After years of refining curriculum developed with leaders in the field, we are confident that our new offering will be everything you want and more. Imagine being able to put your child on the path to fluency and cultural understanding earlier than the vast majority of their peers - allowing them to truly take advantage of the years when language learning is the easiest. Best of all, the program will be offered in the same quality, caring and warm environment that you have come to expect from us.

CLASS OPTIONS*	Regular Price	Pricing before 4/15
M/W/F 8:30am – 11:30am Spanish, Mandarin & French	\$440	\$390
T/Th 12:15pm – 3:15pm Spanish	\$317	\$281

*To enroll, complete a registration form and submit with a \$250 deposit payable by check to Yak Academy. Deposits are non-refundable once accepted to the program and will be applied towards 1st month's tuition.

A TYPICAL 100% IMMERSION DAY

Instructors provide a consistent framework for the day that provides a balanced variety of learning opportunities. Children engage in both individual and social play, participate in group activities, assist with cleanup and develop self-care skills. The most important segment of the daily routine is the plan-do-review sequence, in which children make choices about what they will do, carry out their ideas, and reflect upon their activities with adults and other children.

PHILOSOPHIES

We believe that children are intelligent. At a young age, they know what they like and learn better if the content being taught relates to their interests. This allows a child's natural love of learning to take over, encourages feelings of competency and increases the probability of classroom success.

We believe that instructors make the difference. Our credentialed preschool instructors are more than an intelligent, interesting and globally aware group of native speakers. They are hard workers on a mission to create a climate of trust and respect from the child's point of view in a "nose to nose, knee to knee" kind of way.

We believe there is a right way to aid language acquisition. When children have to understand to "survive" (participate) in an immersion environment, they acquire chunks of useful language. This becomes even easier when every lesson is presented in a fun, play-based fashion just like an English-only preschool.

We believe in a no pressure environment. In an effort to inspire success, we create a feeling of "home" in our facilities. When children feel safe and nurtured in their environment, they have fun, express themselves openly, and most importantly, learn.
