MANDARIN			

Animals / Endangered Species

Get ready for an animal safari! Our campers will set out for an adventure as they learn about endangered species, describe animals, see beaches, oceans and mountains, and play games in the target language. It will all wrap up in a fun little presentation at the end of the week. **Ages 3-5 and Ages 6-10**

Under the Big Top

Join us for a magical week at the circus. Your little campers will be exposed to colors, numbers and body parts through circus characters. They will play fun circus games, get a chance to "act the clown", and most importantly, participate in the greatest shows on earth! **Ages 3-5**

Little Green People

What better way to learn about body parts than from tiny, little green people! Our campers can explore the universe playing games, meeting strange new creatures, and sending home a postcard from the edge of the galaxy to tell you all about it. **Ages 3-5 and Ages 6-10**

Spanish Theater

Children bring to life a classic story through theater. Our campers evolve into Spanish speaking actors, playing games, designing sets, and delivering their lines. The week culminates in a fun-filled performance to which all parents are invited! **Ages 6-10**

SUMMER CAMP OVERVIEW

Join Yak Academy for an incredible world language camp experience! Our week long camps are a great way for kids to build new language skills while still having a blast.

Through a proprietary curriculum, children are immersed in the target language with fun games, songs and crafts. Our dynamic, native-speaking instructors serve as counselors and inspire children to embrace language. To ensure progress, they track campers' development along key language outcomes. After a week of camp with Yak Academy, you'll be amazed at what your kids have learned!

SAVE \$20
on in-center camps
when you enroll by
5/31/09
